30 April 2008

Treasurer's Report for AGM 2008

Our Group is usually supported financially by the BCS. The Group was just granted a maintenance budget of £400 for 2007/2008 in the light of the Group's lack of activity due to the difficulty of finding a replacement for the retiring Chairman. This was later increased to £685 when the BCS changed the financing of Groups and cancelled Groups'Gold account balances and stopped paying interest thereon thus reducing the estimated income in the budget.

Our running expenses for the year were actually only just over £112 due to lack of activity and any meetings due to the extreme uncertainty over the future existence of the Group.

Detailed accounts are available.

David Wigg
Treasurer, BCS-NLTSG.
